THE COLLEGE

In 1857, the Mansfield Classical Seminary opened with a registration of 105 students. Four months later the original building burned to the ground; however, prominent citizens of the area, who had done much of the preliminary planning for the original structure, renewed building operations with the result that South Hall was available for the formal opening of school, November 23, 1859.

In 1862, because of the serious financial difficulties of the Seminary, the Commonwealth of Pennsylvania acceded to the request of the trustees and established it as the Normal School of the Fifth District.

Student Teaching was organized in 1871, in conjunction with the elementary grades of the Mansfield Soldiers Orphans School. Later, when the need for the Orphans School no longer existed and it was dissolved, the lower grades of the local public school were utilized for this phase of teacher education. A modern laboratory school for the lower grades was opened on the campus in 1914. In 1926, the Normal School was authorized to confer the degree of Bachelor of Science in Elementary and Secondary Education. A year later, the institution was designated Mansfield State Teachers College.

Since the authorization of the College to grant the B.S. in Education, Mansfield has expanded its curriculum to include such special fields as Music Education, Home Economics Education, Library Science, Public School Nursing, Art Education, and Special Education.

Indicating a broadened concept of professional preparation, the Pennsylvania Legislature on January 8, 1960 authorized the title of Mansfield State College. To better fulfill the broadened concept for professional preparation, Mansfield was given the right to offer a Liberal Arts Program in January 1963. Graduate programs in Music Education, Elementary Education, Mathematics, History, and English were also added.

The campus of Mansfield State College occupies a hilltop setting high over the Borough, surrounded by a semicircle of still higher elevations. Architects have made use of the College's sloping 175 acres to create attractive grounds, where tall trees and lawns provide an atmosphere of quiet dignity. The present campus, consisting of 31 principal buildings will continue to expand. In the process of being completed are a Maintenance Building, Recreation areas, roads, and parking lots. Future campus development includes a Research and Learning Center; Fine Arts Center; dormitories, alterations to Straughn Auditorium; and other projects.

PRESIDENT'S MESSAGE

To Our New and Returning Students:

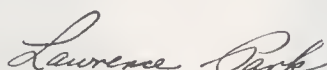

In deciding to enter Mansfield State College and begin the deliberate progression through a baccalaureate program, you have chosen to take advantage of a tremendous opportunity for personal growth and, concurrently, assumed an obligation to make the most of that opportunity.

THE COMPUTER EDUCATIONAL CENTER

The Computer Educational Center at Mansfield State College provides centralized computing services for the instructional, research and administrative computing. The College has a UNIVAC 3 computer system to provide these services. The UNIVAC 3, located in room 125 Alumni Hall, provides both batch and interactive computing for instructional purposes to over a thousand students each term in such diverse areas as mathematics, natural sciences, social sciences and education. In addition, the UNIVAC 3 is used by faculty and students for research projects. Administrative computing is dedicated to providing faculty and administrators with the most needed and up to date information possible.

In addition to the UNIVAC 3, several keypunches and terminals are located in Alumni Hall. There are also keypunches, terminals and calculators for student, faculty and staff use in the Recreation Center, Retan Center, Grant Science Center, and South Hall.

ACADEMIC POLICIES

SCHOLASTIC STANDARDS AND REQUIREMENTS

Academic Counsel

Students are urged to make the fullest possible use of the academic counseling available to them through their respective advisors, departmental chairpersons, instructors and deans. Faculty are expected to post and keep regular office hours for this purpose.

The student should make a choice of major only after considerable thought and deliberation. Current information regarding the various fields of study offered at MSC may be obtained from the Department Chairperson, Academic Dean, and the Placement Office.

Class Standing

Class standing is determined by the total number of semester hours earned including acceptable credits transferred from other accredited colleges.

LOWER DIVISION

Freshman..... 0-31 semester hours of earned credit
Sophomore32-63 semester hours of earned credit

11

UPPER DIVISION

Junior64-95 semester hours of earned credit
Senior96 semester hours or more of earned credit

Before the end of the sophomore year, students are to select a major field of study. To select a major (if initially "undecided") or to change a major, a student must process a Change of Curriculum Form, which may be obtained in the Office of Academic Affairs, 106 A.H.

Semester

To be considered a full-time student a minimum of 12 semester hours of work must be carried. 12 to 18 semester hours constitutes normal student class schedule. A student desiring to carry more than 18 semester hours must obtain permission from his/her department chairperson and meet the following:

Credits

19

20

Quality Point Average

2.60 or above

3.00 or above

(Exceptions must be approved by
the Office of Academic Affairs)

Marking and Point System

Mansfield State College employs the 4-point system in evaluating academic performance:

Grade	Interpretation	Quality Points
A	Excellent	4
B	Above Average	3
C	Good College Work	2
D	Passing	1
F	Failure	0
I	Incomplete	0
P*	Passing	0
F*	Failing	0
W	Withdrawal	0

Instructors may correlate percentage scores with letter grades. For such correlations the following list of equivalents is presented:

90—100 = A

80— 89 = B

70— 79 = C

60— 69 = D

0— 59 = F

12

The quality point average (Q.P.A.) is determined by dividing the total number of quality points earned by the total number of semester hours of work attempted, excluding semester hours earned on the Pass-Fail basis. It should be noted that semester hours and credit hours are one and the same. The Q.P.A. is the index by which a student's academic standing is judged.

An "F" grade in a required course must be cleared by repeating the course. It is not to the student's advantage, however, to repeat a "D" grade.

An "I" (incomplete) grade is used to denote unfinished work because of a death in the family, illness, accident or other serious mitigating circumstances. "I" grades are given by the professor of the course in consultation with the Academic Affairs Office. The student is responsible for the removal of an "I" grade before the end of the third week for the next semester during which he/she is enrolled at the College. If the "I" grade is not cleared in that period, the Registrar shall record a final grade of "F".

In addition to letter grades, the following designations (none of which is figured in the Q.P.A.) are used in situations warranting them:

S—Satisfactory

U—Unsatisfactory

EX—Credit by examination

W—Withdrawal from the course after the drop-add period with the approval of the instructor and the Office of Academic Affairs.

AUD—Audited

P*—Passed on P/F basis

F*—Failed on P/F basis

Withdrawal From or Addition of a Course

A student may withdraw from a course during the first nine weeks of a semester without penalty. After nine weeks a "W" will be recorded on the student's record upon withdrawal from a course. Course withdrawal after the designated nine-week drop period is permitted with the approval of the Academic Affairs Office, the instructor of the course, and the student's department chairperson. A statement in writing from the student's medical doctor, counselor, or close family must be substantiated by the Academic Affairs Office before a student is permitted to complete withdrawal procedures.

A student must add a course during the first two weeks of the semester.

To drop or add a course during the drop-add period, the student secures the appropriate form from the Computer Educational Center, has the form signed by the instructor of the course and by his/her advisor, and returns the form to the Assistant to the Office of Academic Affairs, Room 122—Alumni Hall. No notation of a course drop will appear on the student's permanent record if withdrawal is during the designated drop-add period.

13

A student will receive an "F" in any course for which he/she withdraws without approval.

Pass-Fail Policy

Eight courses may be taken under the pass-fail option over the total four year matriculation period. A student may take no more than one course for pass-fail each semester with the following exceptions:

1. English 101 and 102 may not be taken for pass-fail.
2. Courses required by the major department may only be included at the option of the department.

Pass grades will be "D" or better and three failures under pass-fail will constitute loss of the option. Pass-fail courses are not reflected in the quality point average of the student, but will be counted as credits earned if a passing grade is received. The student has a two week period at the beginning of the semester to elect to take a course for pass-fail. The student may not change his/her pass-fail option to a letter grade or select the pass-fail option after the two-week add period has passed.

Change of Major or Division

Requests to change major or division must be initiated in the Office of Academic Affairs. Such requests must be initiated during the specified period well in advance of the next term in order that the application may be acted upon before the new term begins. Specific forms will be provided.

Petition

Whenever any rule or regulation of the College causes an unfair hardship, the student is entitled to petition for an exception by filling out a petition form obtainable from his/her appropriate Dean. Advisors will be glad to assist in the preparation of a petition. Completed forms should have the necessary signatures prior to submission to the Office for Academic Affairs.

Continuance in College

To remain in satisfactory standing a student must maintain a cumulative point average of 2.0 or better. A student whose quality point average (Q.P.A.) falls below 2.0 will automatically be placed on academic probation. Except for the grade report issued at the close of each semester reflecting the student's Q.P.A. the student will not receive special notification that he has been placed on academic probation.

The So-Called "Old Policy" for Academic Continuance

Students entering Mansfield State College from September 1969 until September 1972 are subject to the scholastic requirements as follows:

A freshman student (0-31 earned semester hours), who does not attain a 2.0 quality point average (Q.P.A.) at the close of the student's first semester (12-18 semester hours attempted) will automatically be placed on academic probation. If at the end of this second semester the student has not removed himself/herself from academic probation he/she will be placed on academic probation for a third semester. At the end of the student's third semester if his/her Q.P.A. is not a 2.0 or better, the student will be dismissed from the College.

Students transferring to Mansfield State College with freshman status (0-31 semester hours) will be accorded the same consideration as the regular Mansfield State College freshman. A transfer student with 32 semester hours of transferable work who does not achieve a 2.0 Q.P.A. at the end of this first semester will automatically be on probation for one semester. If at the end of the second semester the student has failed to achieve a 2.0 Q.P.A. he/she will be dismissed from the College.

Any student with a Q.P.A. of a .99 or below at the close of a semester will be dismissed from the College.

If a student, after completing two or more semesters of academic work, attains less than a 2.0 Q.P.A. he/she will be placed on academic probation for one semester. If at the end of this semester on academic probation the Q.P.A. is still below a 2.0, the student will be dismissed from the College.

One calendar year must elapse before a student who has been dismissed for academic deficiency may reapply for re-admission to the College. Any student twice dismissed for academic reasons automatically terminates his/her association with Mansfield State College.

PRESENT ACADEMIC CONTINUANCE POLICY

Students entering Mansfield State College in September, 1972, or thereafter are permitted continued matriculation governed by credits attempted with the corresponding minimum quality point average (Q.P.A.) as required by the following outline.

The grade report issued to the student at the termination of a marking period serves as the means whereby the student is informed of his/her academic status. Students with Q.P.A.'s below 2.00 are automatically placed on academic probation for the following term.

- 0 — 18 S.H. attempted at the end of any marking period — 1.40 Q.P.A. or better.
- 19 — 37 S.H. attempted at the end of any marking period — 1.60 Q.P.A. or better
- 38 — 56 S.H. attempted at the end of any marking period — 1.80 Q.P.A. or better
- 57 — or more attempted at the end of any marking period — 2.00 Q.P.A. or better

15

Having attempted 57 or more semester hours (S.H.) of credit, students are expected to maintain an academic average of 2.00 or better. Should a student's Q.P.A. fall below a 2.00 at the end of any marking period in which he/she has attempted 57 or more credits, the student must remove himself/herself from academic probation in the next marking period for which he/she is matriculated. Failure to do so will result in dismissal from the College.

Transfer students are subject to the same academic standards as those in effect for regular Mansfield students. For example, a transfer student with 18 S.H. of credit accepted in transfer taking 18 S.H. at M. S. C. must have a 1.60 or better at the close of the term in order to continue.

Readmitted students with Q.P.A.'s below a 2.00 are expected to attain the requisite average as mandated by the above schema.

Any student whose quality point average is below the required Q.P.A. as outlined will be dismissed from the college. Following dismissal notification, a student upon his/her own initiative has recourse to the Academic Standards Review Board if the student is of the opinion that there is sufficient reason upon which to appeal his/her dismissal. Should the student desire a review of the case, arrangements for such review are incumbent upon the student.

Following a first dismissal, a one calendar year interval must elapse before a student may re-apply for re-admission. Any student twice dismissed for academic deficiency automatically terminates his/her association with Mansfield State College.

Academic Standard's Review Board

Students who have not achieved the minimum required grade point average to permit them continued matriculation are subject to dismissal from the College. The academic standard to be followed in the case of each student will be that academic standard's policy which was in effect at the time of the student's initial matriculation or readmission.

Following dismissal notification a student, upon personal initiative, has recourse to the Academic Standard's Review Board if in his/her opinion there would be sufficient reason upon which to appeal the dismissal. Should the student desire a review of the case, he/she should state this to the administrative officer informing him/her of dismissal.

16

I. Composition of the Review Board:

- A. The Vice President for Academic Affairs or his designee shall serve as Chairperson of the Board.
 - B. Three members of the Academic Standard's Committee as elected by that committee shall serve as voting members of the Board for a term of one year.
 - C. The Chairperson of the student's department shall have one vote.
 - D. One faculty member of the student's choice shall have a vote.
- Total: Five voting members of the Committee.

II. Procedures:

- A. The Office of Academic Affairs shall establish the dates of the Review Board and notify the student of the designated time and place. The Chairperson of the Board will not have a vote unless there is a split decision.
- B. After having been notified of the time for the hearing the student is expected to address to the Chairperson of the Review Board a

written appeal stating his/her case. This written appeal may be mailed to the Chairperson or brought in person by the student to the hearing. In no case, however, will the Board be obligated to decide an appeal if the student has failed to provide the Board with a written statement of the appeal.

C. After receiving information with regard to the appointed time and place for the hearing, the student is expected to request his/her departmental chairperson and a faculty member of personal choice to appear before the Board at the appropriate time.

D. Before a student discusses the case with the Board, the student's written review will be read by the Board. The five voting members of the A. S. R. B. will consider all necessary records of the student. The student also will be given the opportunity to speak to the A. S. R. B. (if he/she so desires).

E. Following the presentation of the appeal, the five Board members for the case will vote by secret ballot (example: John Doe—granted or denied) and the student will be notified immediately of the Board's decision.

F. Failure to appear on the part of the student may constitute waiver of the appeal and may result in a finalization of the dismissal. Should the student's chairperson or the faculty member of personal choice fail to appear, the remaining voting members will have the determining votes. A majority vote of the members will determine the decision on any specific case.

G. The A. S. R. B. has the sole prerogative of hearing without exception, initial appeals of students academically dismissed. The recommendation of the A. S. R. B. to the President will be considered final unless the student petitioner has new information to present in a direct appeal to the president.

17

Withdrawal from the College

Students wishing to withdraw from the College must initiate the process in the Testing and Counseling Center. After proper completion of all withdrawal papers the student is cleared for formal withdrawal.

The student's academic record is marked with the words 'Withdrew (date) No Credit.' No grades whatever are recorded.

Withdrawal without proper notification and approval may prejudice the student's record and his/her chance for readmission. The college reserves the right to record "F" grades for courses not completed during the semester in which the student has improperly withdrawn.

Absence Policy

Regular and punctual class attendance is expected of all students.

Student evaluation expressed as grades will be determined on the basis of academic performance. Professors will outline their criteria for academic evaluation prior to the end of the first week of class.

Bona fide absences because of illness, serious mitigating circumstances, or absences because of official College representation approved by the Office of the Vice-President for Student Affairs shall be accepted by all faculty.

Requests for absence from the College must be initiated in the Office of the Vice-President for Student Affairs, 209 MH and official notification for excused absences will be issued to the faculty by this office.

The student is responsible directly to his/her instructors for class and laboratory attendance; absences must be made up to the satisfaction of the instructor.

Academic Integrity

18 Faculty members are expected to take reasonable precautions to reduce to a minimum opportunities for dishonesty in academic work. Faculty should instruct the students as to the meaning of plagiarism so as to aid in solving the plagiarism problem. Where possible, the faculty member is expected to assess offenses of academic dishonesty in the interests of acceptable high standards. This is a matter primarily between the student and instructor. Requests for special assistance may be made to the Office of Academic Affairs.

CONFIDENTIALITY OF STUDENT RECORDS

Mansfield State College recognizes that higher education's central role is to provide learning experiences that will afford opportunities for intellectual and personal growth of the student as well as opportunities for research, and acknowledges that the student's education and development is better served when confidential information about the student is not made available to persons other than those who have a legitimate responsibility for his/her personal welfare, and recognizes that the maintenance of student records is sound educational practice provided that the purposes of such record keeping are to assist in the development of the student or to provide research opportunities.

1. As the custodian of student records, Mansfield State College assumes an implicit and justifiable trust. This trust involves a recognition that student records, both academic and personal, are confidential to the student and the institution. Accordingly, the College will exercise extreme care and concern in recording and disseminating information about students; and student records will be released by the Vice-President for Student Affairs only to appropriate college authorities within the institution, except where the student or graduate has given his/her formal consent or where the safety of the student and/or property is endangered. In instances where demands for information as to a student's personal record, beliefs, or associations challenge the principle of confidentiality, the College believes that the educational institution is obligated to prepare every legal basis for resistance.
2. It is the policy of Mansfield State College to note on a student's transcript substantial disciplinary action taken by the College. Substantial disciplinary action is defined as action that results in suspension or dismissal from the College. At no time will details of the disciplinary action be included on the transcript; this information will be released only in compliance with the College policy on confidential information.
3. The College recognizes and supports the need for educational institutions to make available information about students for research purposes. In releasing original data for research the College will take due care to protect the identity of the student. Whenever the limits of confidentiality are in question the College will obtain the formal consent of the student prior to using information about him for research purposes. Before submitting information from student records to the researcher the College will be assured that the research agency will follow acceptable standards of confidentiality.

4. It is further urged that if the College maintains membership lists for research or intra-institutional purposes, it should adopt the concept of confidentiality, based on the principles of freedom of association and the rights of privacy, as stated in the NASPA resolution and resist to the fullest any demand for such information.

The following guides are meant to assure the confidentiality of student records:

1. Disciplinary records are for intramural use and as such should not be made available to persons outside the institution except on formal request of the student involved. Disciplinary records should not be forwarded on transcripts unless the disciplinary action relates to the student's eligibility for re-enrollment into the College.¹ Intra-institutional use should be restricted to the professional student personnel administrator, who may interpret the meaning of notations to other officials in the institution when necessary to the discharge of their official duties.
2. Information from student records should not be sent to prospective employers in the private or the public sector or other educational institutions without the formal consent of the student involved. Written reports for prospective employers and educational institutions should be made only by a professional staff member, and information of a derogatory nature should be handled with extreme care. (See Student Placement Bureau, Item 1.)
3. The College has the responsibility to be responsive to bona fide governmental inquiries when national security or the safety of individuals is at issue. However, when requests of this nature are received and the student's consent cannot be obtained, the College should release only the information necessary to fulfill its legal obligation.
4. Information relative to the academic achievement of students should be released to College intramural committees which are considering students for honors, awards, or scholarships.
5. Certain information which appears in student directories and similar publications is usually available to the general public. Accordingly, such information may be released without formal consent of the student concerned.

1 "Transcripts of academic records should contain only information about academic status" is to be interpreted to permit the recording of any institutional action which affects a student's eligibility to reregister at the College (e.g., suspension or expulsion for academic or disciplinary reasons).

6. The College should make a periodic evaluation of information placed in student personnel records and only information related to a specific purpose of the College should be collected and maintained. A time limit of 5 years is specified for the maintenance of records beyond a student's graduation or after a non-graduate withdraws from the College. In the interest of research, provisions may be made for the organization and classification of information in records that are to be destroyed.
7. Where a request for confidential information concerning a student has been made and the student has formally consented to the release of that information, the college is obligated to respond to the inquiring agency a minimal charge may be made for this service. It is assumed that the College will respond accurately to such requests, and in a manner which is in keeping with the statements of this document.

The Dean of Student's Office provides a variety of services and programs which have an impact on daily student life and enhances their total education. These services include the editing of this publication, the **Password**, pictured identification cards, letters of recommendations, excuses for **emergency** absences. New student Orientation, Veterans Services, Greek Fraternity/Sorority Advisement, services for foreign students, commuters, and various clubs and organizations are among those provided by the area. Included under the Dean of Students' area are the Residence Life and Student Activities Programs.

Education takes place both in and out of the classroom and the Dean of Student's area is creating and evaluating programs to meet the social needs of students, and to provide an atmosphere within which students and faculty can interact informally.

VETERANS' SERVICES

To identify methods by which the college can better serve the new kinds of students who are attending Mansfield is a stated objective of the Student Affairs' Staff. Recognizing the increasing number of veterans of military service who are on campus, a Veterans Affairs Coordinator has been added. The position is supported by a grant from the U. S. Government.

The Veterans Affairs Coordinator exists to assist the student who is a veteran with academic or personal problems and to provide the necessary information on government programs and policies pertaining to Veterans. The Veterans Affairs Coordinator works as a liaison between, veterans and the Admissions Office, Financial Aid, Revenue the Counseling Center, and other areas. He provides assistance with such problems as veterans payments, academic credit requirements, and program selection. Student recruitment and outreach service programs are other responsibilities of this office which is located in Laurel A.

Two agencies that relate closely to Veterans Affairs are PAVE and Chi Gamma Iota. PAVE consists of student veterans helping other veterans in a variety of ways. Their office, also in Laurel A and staffed by volunteers, is open daily during school hours. Veterans on campus have also affiliated with the national veterans fraternity, Chi Gamma Iota (X-GI), which provides opportunities for social and service activities.

Education in its broadest sense is a product not just of classroom learning, but also of knowledge gained from sharing ideas and experiences with others in the informal situations which residence halls provide. The Dean of Students' staff at Mansfield State College works with the residence hall councils of each building, student staff members (Resident Assistants), Head Residents, professional staff members and interested faculty members in an effort to provide an environment which will supplement and expand the education of each student.

The college wishes to have students representing all creeds, races and ethnic groups living in college residence halls. Therefore, in compliance with the Pennsylvania Fair Education Practice Act, all residence assignments are made without regard to race, religion, color,

or national origin. Having accepted the Pennsylvania Fair Education Act, we feel that a cross section of cultures provides a cosmopolitan community. The college also complies with the Federal Civil Rights Act, Title IV.

Central to the enhancement of learning in the halls is the residence hall government system. Each hall elects its own council which provides, with the help of its advisor, educational and social programs to the residents of the hall. The All Residence Hall Council, which is the combined organization of the individual hall councils, provides programs for all resident students, as well as programming ideas for hall councils.

2. **Off-Campus Student**—one who resides in housing which is neither his/her home, his/her parent's or relatives' home, nor a college designated residence hall.

3. **Commuting Student**—one who resides in his/her parent's home or own home.

RESIDENCE HALL STAFF

Resident Assistants (RA's)—These are upperclass students employed by the Office of the Dean of Students who live in residence halls for the purposes of providing information and basic counseling to students,

and for building and maintaining a sense of community and mutual responsibility in the residence halls.

Head Residents and Assistant Deans in Residence—There are full-time employees of the college with varying backgrounds and professional responsibilities. In general, they work with R.A.'s, students and the Dean of Students' Office to provide an environment within which each student may learn and develop his potential.

The artist's work is also on display at that time as part of the exhibition series. Art Exhibitions in the series are hung in Laurel B Gallery.

SUMMER PROGRAM

A Summer Recreation Committee is established each summer to plan and implement social and recreational activities for the Summer Sessions. Funds utilized by the committee are collected in the form of activities fees paid by those who enroll during the summer sessions.

The committee is composed of volunteers who are organized during registration and the first week of classes, and an advisor from the Dean of Students' Staff. These people meet on a regular basis to plan a complete program of events. Segments of the program include trips, picnics, dances, games, intramural-sports, horseback riding, hiking, camping, tournaments, films, and lectures.

One major activity, partially funded by summer activities fees is the Mansfield Festival Theatre. This Tent Show offers excellent plays and musicals by professional actors in conjunction with a MSC credit course in play production. MFT, the Summer Forum and Concert Series, were created to stimulate the mind and the senses while offering a cultural opportunity for the region.

CAREER PLANNING AND PLACEMENT SERVICES

204 South Hall
ext. 245

THOMAS COSTELLO
Director of Career
Planning and Placement

47

The Career Planning and Placement Service is maintained to advise students on career development and specifically to help students and alumni plan further academic work or secure professional positions. Assistance is provided so that the individual may correctly evaluate himself/herself, assess employment opportunities, and select a vocational area that can lead to personal growth and satisfaction.

I. The Student Placement Bureau is operated to fulfill the following purposes:

- A. Assemble and keep a permanent record of the student's probable and actual employment potential and such other information as the student may wish to supply. This record will be distributed to prospective employers upon their request or by the direction of the student.
- B. Assist students in securing positions of employment.
- C. Assist employers in securing qualified people to fill existing vacancies.
- D. Assist students to obtain summer employment.
- E. Assist College Authorities in the gathering of information from graduates and employers relative to the strengths and the weaknesses of the College as part of the follow-up program.

II. The Student's Placement Folder will contain:

- A. A personal data sheet.
- B. Three or more faculty recommendations.
- C. An outside reference, one not affiliated with the College.
- D. Recommendations for student teaching or other work experience gained as a part of the candidate's academic program.
- E. An unofficial transcript of the student's academic record.

CAREER ADVISING SERVICES

Counseling is provided to help graduating seniors and alumni to (1) analyze their aptitudes, interests, educational preparation, short and long-range goals; (2) obtain information concerning appropriate areas of occupation; (3) investigate specific job opportunities; (4) prepare themselves to conduct job campaigns and to present themselves effectively as candidates; (5) evaluate job offers; and (6) choose the opportunity that will best satisfy their particular criteria. Throughout this process, the director of placement establishes and maintains contact with potential employers in the areas of education, government, business and industry; represents the College and its students in relations with employing organizations; and maintains contact with regional and national placement organizations.

48

In addition to career planning, available assistance includes:

1. The development and permanent maintenance of cumulative professional credentials for each registrant, which are sent to prospective employers at the student's request.
2. Information on certification and examination requirements.
3. Posting notices of position vacancies.
4. Scheduling of on-campus interviews with professional recruiters from many other states.
5. An occupational library is maintained by the Placement Service. Students may examine information pertaining to careers in business, industrial, or educational settings during regularly scheduled hours.
6. For those students anticipating study toward an advanced degree, general information regarding programs and admission requirements of graduate schools is available. Also, information pertaining to assistantships, fellowships, and scholarships will be posted periodically in the occupational library, Room 209, South Hall.

7. Seminars by the Placement Staff on the credential packet, letter and resume writing, interview techniques, and job opportunities in various fields are available for use in classes. Seminars on graduate school, entrance examinations for graduate study, and women's careers are planned.

SUMMER OFF-CAMPUS EMPLOYMENT

The College wishes to impress prospective students that the location of Mansfield State College in a rural, non-industrialized region of the state greatly reduces the opportunities for outside part-time employment. Further, with increased emphasis placed on scholastic attainment at this college, the number of hours in which a student may engage in employment has tended to drop sharply in recent years. The acquisition of off-campus employment is the responsibility of the individual student although the Career Planning and Placement Services may be able to provide some limited job vacancy information. There has, however, been made available to qualified applicants, some part time off-campus State and Federal Workstudy Program employment. Additional information may be obtained in the Office of the Director of Student Financial Aid.

ESTHER ROBERTS
Director of Financial Aid

**STUDENT
FINANCIAL
AID**

107 South Hall
ext. 441

FAY ANDERSON
Assistant to the Director

The Office of Student Financial Aid exists to provide information and money to students who have financial aid. It attempts to inform the student population of application procedures and deadlines, of the types of aid available, the eligibility requirements and other pertinent data.

50

As a state college, Mansfield's tuition costs are substantially lower than those of private colleges; the public subsidy is reflected in the fees to all students. While remaining committed to offering financial aid to able students who can show evidence of financial need, Mansfield State College must however, recognize that the basic financial responsibility of acquiring a higher education continues to be the obligation of the student and his family.

Matriculation at Mansfield State College is by semester; the college expects each entering student to be able to meet the expenses of the upcoming term without assistance unless such aid has been previously arranged and confirmed.

The following points are emphasized:

- (1) A new student (prospective Freshman or Transfer) should not file application for aid before his admission has been confirmed by the Director of Admissions and the Advance Registration Deposit has been paid to the College and acknowledged. Inquiries should then be made to the Office of Student Financial Aid, Mansfield State College. The Financial Aid brochure is available from the Admissions or Student Financial Aid offices.
- (2) Any student requesting financial aid must have filed the Parents Confidential Statement with the College Scholarship Service, Princeton, New Jersey. That agency will then advise the college of its objective analysis as to the student's (or student's family)

ability to finance his own education at Mansfield State College. The Office of Student Financial Aid utilizes this information when considering applications for all forms of student aid. responsibility for filing the confidential statement rests with the student; help may be secured from high school principals and guidance counselors. The PCS information sheet is not an application for financial aid; financial aid applications may be obtained from the financial aid office. The college catalogue describes in detail programs and procedures for application. Details on all programs and scholarships may be obtained at the Office of Student Financial Aid.

PART-TIME CAMPUS EMPLOYMENT

Part time student employment at the College is available in the dining hall, library, dormitories, grounds and buildings, college union facilities, and offices. Such employment is awarded to students who have shown evidence of financial need. These positions are normally filled by upperclassmen, but a limited number of positions are open to freshmen. Requests for student employment are made after formal acceptance and payment of the advance registration deposit. Applications are available from and submitted to the Office of Student Financial Aid.

51

Part-time State and Federal Workstudy Program employment is available at the college. For details see the Director of Student Financial Aid.

SCHOLARSHIPS

The following scholarships are awarded by various sponsors in cooperation with Mansfield State College. Applications are available from the Office of Student Financial Aid, 107 SH.

W. H. COLEGROVE SCHOLARSHIP FUNDS. Annual awards of \$100 each to two deserving young women residents of Tioga County, Pennsylvania, are made for the purpose of aiding the recipients in defraying college expenses. These scholarships are not customarily available to new students.

THEODORE PRESSER FOUNDATION SCHOLARSHIP GRANT. The College receives annually a grant of \$400 for financing grants to outstanding junior and senior students majoring in Music Education. Grants are awarded by the Music Department with the approval of the President of the College. Applications for these grants should be made to the Chairperson of the Music Education Department. Grants are made for undergraduate work for the forthcoming academic year.

PHEAA GRANTS. The Commonwealth of Pennsylvania, through the Pennsylvania Higher Education Assistance Agency, has developed an extensive scholarship program based on computed financial need. Further information and applications may be obtained from the Office of Student Financial Aid.

BASIC OPPORTUNITY GRANT (BOG). Awardable for the first time to entering freshmen in September 1973, the federally funded Basic Opportunity Grant established an entitlement to aid based on need. Students apply indepently each year on forms which may be obtained through the Office of Student Financial Aid, High School Guidance Offices or Post Offices.

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANTS (SEOG). A successor to the Federal Educational Opportunity Grants (EOG) and designed to aid students of exceptional need. Students must file an aid application and current Parents Confidential Statement to qualify. For details, inquire at the Office of Student Financial Aid, Room 109, South Hall.

52

HANNAH K. SCHOFF MEMORIAL AWARD. This award is funded by the Pennsylvania Congress of Parents and Teachers and offers a \$200 annual award to one entering freshman who demonstrates qualities of scholarship and leadership. The award, once granted, is continued for four undergraduate years or as long as the awardee maintains a "B" average. Applications may be obtained from the Office of Student Financial Aid prior to March 1st of the academic year preceding entrance.

LOANS

NATIONAL DIRECT STUDENT LOANS. NDSL's, to a maximum of \$1,000 per year, are available through Mansfield State College to students with demonstrated need who have filed current Parents Confidential Statements and applications. With the cancellation and deferment features, these federally subsidized loans have aided many students with documented need.

THE STATE HIGHER EDUCATION LOANS. These are loans with interest subsidy insured by the Federal Government and are available through the cooperation of banks. To obtain interest benefits, a Parent Confidential Statement should be Filed by the student; loans are normally made to a maximum of \$1,500 per academic year or documented need.

THE ROBERT A. FARRELL FUND. A memorial to a former professor, this fund and the Class of 1969 and 1970 Loan Fund have served as resources for emergency loans for a large number of students; they are administered through the Office of Student Financial Aid.

A Financial Aid Brochure, available to all students, explains in detail all of the programs; students are encouraged to call at the Office of Student Financial Aid at any time to discuss their individual financial problems, and to pre-plan a schedule for meeting future college costs with a "package" which may include scholarship, part-time employment and loans.

TESTING AND COUNSELING CENTER

Haverly House
on Clinton Street
ext. 222

STERLING SALTER
Counselor

The Testing and Counseling Center assists students in making decisions related to the immediate problems of college adjustment and to broader problems of effective living. Students are invited to make an appointment for help in strengthening academic performance, developing career plans, solving situational problems, or improving personal relationships.

54

With a professional counselor, the student may explore freely and **IN CONFIDENCE**, any problems or feelings which are important to him/her. A student can receive help which enables him/her to assess individual make-up, to acquire increased self-understanding and sensitivity to others, and to grow in the direction of personal choice.

The Center is open Mondays through Fridays from 8:30 a.m. to 4:30 p.m. Counselors are also available in satellite offices in dormitories on campus. Call the Center for counselors' hours in these offices. The services of the center are available free of charge to all students enrolled at the college. Students are encouraged to avail themselves of these services whatever the nature or seriousness of the problem.

Appointments may be made by calling Extension 222 or by coming to the Haverly House on Clinton Street. A student may choose a counselor to see; if there is no preference, he/she will be assigned the earliest available time. The student will not be asked to give any details concerning personal reasons for requesting an interview.

THE COUNSELING INTERVIEW

The interview takes place in a private office and may last as long as one hour. Sometimes interviews are merely for the purpose of gaining information, in which case, only one meeting is necessary. Often, however, the student and the counselor agree that further sessions may

be helpful. Counseling usually begins with the counselor encouraging the student to talk freely about his/her concerns. The Counselor listens, tries to understand, attempts to clarify, and helps the student become objective and make decisions with which he/she will be satisfied. Counseling is not simply a matter of receiving advice; it is a process of thinking through a situation with the professional help of another person.

Again, no information disclosed in a counseling interview is given to anyone without permission of the student.

TESTING

Counseling may be supplemented by means of test which provide the student with more information about personal interests, academic abilities, personal characteristics, study skills, and special aptitudes.

EDUCATIONAL ADJUSTMENT

The abrupt change from high school to the demand of college class-work is sometimes difficult to make. Counseling can help some students improve study methods and motivation, participate more effectively in class discussion, increase confidence and skill in taking tests, and assure themselves the necessary environment and physical health for efficient performance.

55

PEER ADVISOR PROGRAM

A new program has been instituted on campus which is designed to assist students in avoiding the "college runaround", and to help students with concerns about (1) academic matters such as graduation credits, general education requirements, registration procedures, pass/fail information, departmental requirements, probation, and (2) personal matters including noisy dorms, feeling alone, difficulty relating to others, etc. The Peer Advisors also provide general information about the college including extra-curricular activities, student government, fraternities, etc.

The Peer Advising Office is located in Manser Lobby. All students are welcome at the Peer Advisor Office during the hours of 9:00 a.m. to 5:00 p.m. and 7:00 p.m. to 9:00 p.m., Monday through Friday at ext. 351.

DR. J. J. MOORE
College Physician

The College Health Service operates in a modern, fully equipped facility which provides every convenience necessary for the health needs of students, who are served by a physician and registered nurses. Hospital care is provided at the Soldiers and Sailors Memorial Hospital in Wellsboro, in addition to care rendered in the 18-bed infirmary at the college.

56

The services of the Health Center are extended to all students of Mansfield State College. These services include a preventative health program which consists of tuberculin testing administered to all seniors to meet graduation requirements and to all personnel working with the food services associated with the college. Influenza immunization clinics are held in the fall in October and November.

Allergy vaccine is administered to students if it has been prescribed by their physician; such injections will be given at 2:00 p.m. or by special arrangement when necessary.

Members of the health staff work to furnish a thorough but friendly and individual service to which a student may come for help of any sort. You are urged to consult the Health Center at any time for purposes of diagnosing suspected contagious diseases or other illnesses. Since medical records and consultation are **entirely confidential**, there is no possibility of embarrassment to the student and consequently no reason for avoiding diagnosis.

Students who are ill are encouraged to report to the Health Center to be evaluated and treated by the nurses and the college physician, and where conditions indicate admission to the infirmary is advocated. Medications and treatments are dispensed to the students free or at a very minimal charge depending on the type of medication prescribed.

The Senate is composed of one Senator for every 100 students. The Senate chooses their own officers and the Chairperson may vote only when the Senate is equally divided.

Student Government's Committee of Finance is responsible for appropriating the Student Activity Fee with final approval of the Senate. The members of the Committee Of Finance are appointed to the committee by the president of SGA. The Committee Of Finance allocates monies to various campus organizations to insure recreation for the Student Body.

87

Various committees of SGA are responsible for initiating change on Mansfield's campus. Any student may find out about the various faculty, administrative, or student committees by expressing interest at the SGA office located 214 Memorial Hall. The membership or appointment to each committee is done by the president of SGA with approval of the Student Senate. Mansfield State College's Student Government Association is a member of CAS and every student at Mansfield State College is also a member.

During the 1973-74 year, SGA became highly active in Commonwealth Association of Students (CAS). CAS is a union to which every state college student belongs. Every Pennsylvania State College sends their respective SGA president or his/her designee and a CAS coordinator to each monthly meeting. CAS has a Board of President and a Board of Coordinators which meet separately at the monthly meetings. CAS is an extremely valuable resource area to student governments in the research of new campus inovations.

CAS is an effective voice for students concerns. Commonwealth Association of Students, conceived, organized and sponsored a rally at the Capital in Harrisburg. During the Day of Concern, "a prime issue was, the augmentation of state college funds." Our goal, with the

cooperation of other educationally oriented associations, was achieved. Legislators were confronted with a unfamiliar student — a responsible, sincere, constructive and concerned student.

CAS has been quite successful and intends to continually keep legislators and state officials aware of student concerns. The organization needs every students' support and help. It needs an operating budget which can only be attained through optional donations from students.

The Student Government Association is YOUR voice. It deals with every aspect of life. Participation in SGA is a direct benefit to you, your fellow students and the entire college campus. SGA hopes that you are concerned enough to belong.

JUDICIAL SYSTEM

Preface

88

The College's educational purposes make necessary, not merely permissible, its concern with the quality of student council and extra-curricular life. Even a narrow view of education must concede that a student's activities outside the classroom directly affect his academic capacities and learning, and that the intellectual tone of a campus is set by the character of extracurricular life. If one views education more broadly, then it must involve the goal of developing the whole person and not just his intellect and training skills. The College thus pursues two broad aims for its students: sound intellectual and academic training and the development of mature, ethical and responsible persons sensitive to the humanity of others.

The College can best implement its proper concern for the development of the whole person by adherence to the principle of responsible student freedom: each student should have a high degree of personal freedom, coupled with an acceptance of full responsibility for his individual actions and their consequences. It is the Committee's conviction that self-development proceeds from the ability to make real choices, and that maturity grows from the intelligent use of freedom. This means, for example, that rules of conduct, sanctions and the exercise of police power should be kept to a minimum. It also means the shared assumption that each member of the College community will respect the right and integrity of others.

STUDENT CONDUCT — Judicial Structure

The Judiciary System

The following system of hearing boards is instituted to deal with the stated proscriptions which adversely affect the College's educational interests.

Residence Hall Judicial Board

Residence Hall Judicial Board will be composed of one student from each residence hall. In addition, the All Residence Hall Council shall select three of its members to serve on the Board. The Residence Hall Judicial Board shall serve as the court of original jurisdiction in cases related to residence hall policy. A complete explanation of the Residence Hall Judicial Board is found in the constitution of the All Residence Hall Council.

Men's-Women's Hearing Board (MWHB)

The Men's-Women's Hearing Board will be composed as follows: 4 male on campus members, 2 male off campus members, 4 female on campus members, and 2 female off campus members as voting members. There shall be a non-voting faculty member acting exclusively as adviser to the MWHB. The student members shall be elected by their peers;¹ the faculty member shall be appointed by the President of the Faculty Assembly to serve a three-year term.

Academic Integrity Board

The Academic Integrity Board will be composed of the following voting members: the Vice President for Academic Affairs or his designee, 2 faculty members appointed for one-year terms by the President of the Faculty Assembly, 2 student members appointed by the Student Senate for one-year term. A student member may be re-appointed.

89

College-Wide Appeals Board

The College-Wide Appeals Board will be composed of the following voting members: five students appointed and ratified by Student Senate and five faculty members appointed and ratified by Faculty Council.

STUDENT CONDUCT — Rationale for Discipline

The educational goals of the College include a concern for non-academic student conduct. This, we believe, can best be implemented by promoting responsible student freedom and maturity and by not confusing the College's disciplinary authority with civil law enforcement. Thus, College discipline should be limited to instances of student misconduct which adversely affect the College community's pursuit of its educational purposes; namely (1) the opportunity of all members of the College community to attain their educational goals. (2) the generation

1 All student members of the MWHB shall be selected by means of an election held by the Student Council. To be eligible a student shall have completed 15 credit hours of academic work at Mansfield State College. Petitions may be secured from the Office of the Vice President for Student Affairs.

and maintenance of an intellectual and educational atmosphere throughout the College community. (3) the protection of health, safety, welfare and property of all members of the College community and of the College itself. Further, we believe that the College should make its sanctioning powers over students serve its educational goals for students, rather than promoting general police functions well represented in general law.

Specific proscriptions on student conduct which adversely affects distinct College interests or educational purposes are the following:

- (1) Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the College.
- (2) Forgery, alteration, or use of College documents, records, or instruments of identification with intent to defraud.
- (3) Intentional obstruction or disruption of teaching, research, administration, disciplinary proceedings or other College activities, including public functions and other authorized activities on College premises.
- (4) Physical abuse of any person on College premises or at College-sponsored or College-supervised functions or conduct which threatens or endangers the health or safety of any such person.
- 90 (5) Theft from or damage to College premises or theft or damage to property of a member of the College community on College premises.
- (6) Failure to comply with directions of College officials acting in performance of their prescribed duty.
- (7) Violation of published College Regulations, including regulations relating to entry and use of College facilities, and any other regulations which may from time to time be enacted.
- (8) Repeated violation of published rules governing College residence halls.
- (9) Violation of civil law on College premises or in College residence halls in a way that adversely affects the College community's pursuit of its proper educational purposes, as enumerated above.
- (10) Violation of published rules of the Traffic Code.

STUDENT CONDUCT — Sanctions Defined

A preliminary observation should be made. Even where violation of a College rule is established, sanctions need not in every case be imposed. Matters of extenuation should always be taken into account, along with all circumstances, in determining sanctions. No sanctions should be imposed more serious than are clearly appropriate in the circumstances.

HEARING BOARD SANCTIONS

- (1) Admonition. An oral statement to the student offender that he/she violated College rules.
- (2) Censure. Written reprimand for violation of specified regulation, including the possibility of more severe disciplinary sanction in event of conviction for the violation of any College regulation within a period of time stated in the letter of reprimand.
- (3) Disciplinary Probation. A written notice placing a person on probation. The conditions of that probation, such as its duration, limitations, and specific penalties are stated in the probation.
- (4) Restitution. Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
- (5) Suspension. Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time. The student may re-enroll in the College at the termination of his period of suspension without readmission.
- (6) Dismissal. Termination of student status for an indefinite period. The conditions of readmission, if any is permitted, shall be stated in the order of dismissal.
- (7) Compensation in form of work or other duties as outlined in description of sanction presented to the student. 91

Academic Integrity Board:

Sanctions for dishonesty in academic work may range from Admonition to Dismissal from the College.

STUDENT CONDUCT — Judicial Proceedings

The goal of judicial proceedings should be to develop procedural minima assuring fairness, rather than a formal replication of what obtains in civil society. When a student is brought before a hearing committee, the following requirements of procedural due process shall be observed.

- (1) No member of a hearing committee who is otherwise interested in the particular case shall sit in judgement during the proceeding.
- (2) The student shall be informed in writing of the reasons for the proposed disciplinary action with particularity, and in sufficient time to insure opportunity to prepare for the hearing.
- (3) The student appearing before a College hearing board shall have the right to be assisted in his defense by an adviser of his choice.

- (4) The burden of proof shall rest upon the officials bringing the charge.
- (5) The student shall be given the opportunity to testify and to present evidence and witnesses. A student shall have an opportunity to hear and question adverse witnesses. In no case shall the committee consider statements against the student unless he/she has been advised of their content and of the names of those who made them, and unless the student has been given an opportunity to rebut unfavorable inferences which might otherwise be drawn.
- (6) All matters upon which the decision may be based must be introduced into evidence at the proceeding before the hearing committee. The decision shall be based solely upon such matters. Improperly acquired evidence shall not be admitted. The hearing board involved shall decide whether evidence has been properly acquired.
- (7) A full report, or transcript, or tape recording of the hearing shall be filed with the Vice-President for Student Affairs as confidential material and shall be periodically disposed of.
- (8) The decision of the hearing committee shall be final, subject only to the student's right of appeal to the College-Wide Appeals Board, or the President of the College.

STUDENT CONDUCT — Initiation of Judicial Proceedings

Any academic or administrative official of the College, any member of the faculty, or any student of the College may file charge against any student of the college for violation of all-College proscriptions. (See outlined Proscriptions.) The charges shall be filed with the Office of the Vice President for Student Affairs who shall recommend that the charges be disposed of informally or disciplinary proceedings be initiated. If all parties involved are not satisfied with informal resolution, the Office of the Vice President for Student Affairs shall send to the student charged a copy of the charge together with notice of applicable procedures that the student should be aware of. A copy of the charges shall be sent to the Chairperson of the appropriate hearing board. The chairperson of the hearing board will set the time for the proceedings. In setting the time for the hearing the Chairperson should consider whether the charged student has had sufficient time to prepare for the hearing.

Pending action on the charges, the status of the student or his/her right to be present on the campus and to attend classes shall not be altered. Exceptionally, for reasons relating only to the demonstrated danger to the safety and well-being of the charged student, or for reasons relating only to the demonstrated danger to the safety and well-

being of students, faculty, or College property, the charged student may be advised by the Vice President for Student Affairs, pending consideration of the case, that his/her removal from Campus would not be in his/her own best interest or the best interest of the College community. Such advice shall be made before witnesses and the charged student's parents shall be informed of the advice given.

When a student is charged with misconduct regarding cheating as outlined in the stated proscriptions, the faculty member involved shall have the option of disposing of the charge informally or of initiating Academic Integrity Board proceedings. The procedure for the latter shall be as follows: the charges shall be filed with the Vice President for Student Affairs and the Vice President for Academic Affairs by the faculty member concerned after consulting with his departmental chairperson. Both the faculty member and the department chairperson shall appear at the hearing and may make recommendations, but they shall have no vote.

STUDENT CONDUCT — Appeals

A student found guilty of misconduct by either the MWHB, or the AIB may file an appeal from the decision of the hearing board within twenty-four hours to the Chairperson of the College-wide Appeals Board.

93

The appeal shall be limited to a review of the full report of the hearing board for the purpose of determining whether the board acted fairly in light of the charges and evidence presented at the hearing. The College-wide Appeals Board may accept the report without modification, may accept the report subject to a specified reduction in the sanction imposed, or dismiss one or more of the charges entirely.

The right to appeal to the President of the College is stated under the heading "Judicial Proceedings."

Further, a student may petition the original hearing board for a new hearing upon discovery of new evidence.

Any person who is being charged, or who has had concluded decisions at hearing boards, administered as a result of charges being acted upon, and who willfully and with intent to physically, verbally, or in any other manner create actions detrimental to the physical and mental well-being of those involved directly in a case, shall, upon charges being brought by those judicial members or defendants being subjected to such actions, appear before the Vice-President for Student Affairs and proper actions and decisions be rendered to rectify said situation.

It shall also, at this time, examine the record of the party and require testimony of him as to any other college offenses of which he has been found guilty. The hearing board shall then impose a penalty, suspend a penalty, or determine a penalty, as justice may require.
